Mentioned by Jenny Betteridge – Consultation to complete

- Dear Office for Civil Society Stakeholder,
- Today we have launched the online platform for the [Civil Society Strategy Engagement Exercise](#). The Strategy is being developed through open dialogue across sectors as we build upon experiences from the past and shape the future of government's work with and for civil society.
- The launch of the engagement exercise has been announced on [GOV.UK](#) and the Minister for Civil Society, Tracey Crouch, has recorded a [video](#) inviting everyone to take part.
- The online platform will gather views from as many people as possible over the coming weeks. I would very much welcome your support in encouraging people to contribute to the conversation, by helping us to raise awareness through your organisation's channels and networks. Please do share the link to the [online platform](#) and use #CivilSocietyStrategy.
- We are also inviting partners to hold workshops to focus in on the issues that matter to your stakeholders most. If you are interested in doing so or have any other questions please contact the Strategy Team (CivilSocietyStrategy@culture.gov.uk).
- You can also keep updated with wider programmes, such as our work on loneliness, dormant assets and public service mutuals, at the new Office for Civil Society webpage [here](#).
